

ADL / AT A GLANCE

Founded in 1913, our timeless mission remains the same: "To stop the defamation of the Jewish people and secure justice and fair treatment to all."

What We Fight

~~ANTI-SEMITISM~~

In 1913 we stepped forward and spoke out against widespread attacks against Jews in the media, in the courts and in society. Today, we continue our unyielding support of Jews worldwide. We speak out and stand up against anti-Semitism in classrooms, online and on the streets. Our vigilance knows no bounds.

~~EXTREMISM~~

We fight extremism and abject hate with extensive reach and resources. We vigilantly monitor and investigate individuals and organizations that actively promote hate-filled ideological beliefs and a need for action. We are a global authority on extremism and our efforts are unrelenting.

~~BIGOTRY, BIAS & DISCRIMINATION~~

We confront hate in all its forms to keep it from escalating. We deliver on this issue with authority and discipline—for example, we helped craft the first model hate crime legislation in the United States. We will work to stand up for those who are vulnerable in order to help create a world free from hate.

~~CYBERHATE~~

Hate lives out in the open and hides in the far corners of the web. And so, we search, investigate, monitor and analyze its online presence around the clock. We work with companies whose platforms may disseminate hate speech to prevent that hate from coming to life. From bullying to religious discrimination to civil rights abuses, we root out and remove hatred from screens everywhere.

How We Work

INVESTIGATE AND RESEARCH

ADL tracks extremism of all kinds and releases original research on trends in hate both offline and online – from the role of misogyny in white supremacy to the potential for artificial intelligence to identify hateful comments.

EDUCATE AND TRAIN

ADL is one of the largest providers in the U.S. of anti-bias and bullying prevention education in schools, with our trainers and curriculum reaching 2.8 million school children annually. We are also the largest trainer of law enforcement in the U.S. on hate crimes and bias, training an estimated 15,000 officers every year, including all first-year FBI agents and NYPD officers.

ADVOCATE AND ASSIST

ADL works with elected officials and policy makers at the federal, state and local levels to ensure they protect the civil rights of all Americans. We have spearheaded victories including the creation of hate crime laws in 45 states and filed legal briefs in some of the nation's most important civil rights cases. We also work with social media platforms to advocate for changes that reduce cyberhate. Finally, we engage diverse coalitions, companies and individuals to amplify our message and join others in the fight against hate and bias.

Where We Are

Regional Offices

ADL operates in 25 offices across the US and in Israel.
