

## **2019-2020 No Place for Hate Excellence Award Winners**

We are proud to present the 2019-2020 No Place for Hate Excellence Awards to the following three schools for creating student and school-wide activities that were exceptional in their thought, design and implementation, as well as utilizing the NPFH framework to best fit each schools' needs and culture.

**Sagebrush Elementary School (Cherry Creek SD 5)** - is in their 1<sup>st</sup> year implementing NP4H had such a variety of activities throughout the year, including a multitude of activities completed for National Bullying Prevention Day which used different methods to ensure all students could participate. The Unity Tree and End Bullying Chain were wonderful ways to meet the goals of this day and throughout the year. In addition, the amazing turnout for the World Culture Night and the 4,391 Random Acts of Kindness were hard to beat! @CCSDk12 #noplaceforhate

**Louisville Middle School (Boulder Valley Schools)** - LMS' is in their 3<sup>rd</sup> year as a NPFH school and their NP4H student coalition's voices were not only heard within the building, but they extended LMS' culture beyond the school doors as they presented in front of the city's council in their drive to get the city to adopt the core values of the "Pirates for Peace." An amazing, real-life experience in being a part of and making changes in governmental agencies! The community building through their school-wide Gratitude Snowflakes, as well as the staff's work on investigating implicit and explicit biases found in school-level survey results, did not go unnoticed by ADL. @BVSDcolorado #noplaceforhate. Check out their story in this video: <https://mountainstates.adl.org/videos/npfhvideos/>

**ThunderRidge High School (Douglas County Schools)** - In their first year as a NP4H School, their NP4H activities were blended into events such as TRHS's already successful Grizzly Gives Week, and the timeliness and challenges presented in the extended Virtual Kindness campaign, with a focus on health workers on the frontlines during a pandemic, show a great deal of dedication and perseverance. This was in addition to the work TRHS has been doing for years in promoting community, equality, and inclusivity within the school itself, as well as throughout the surrounding neighborhoods, feeder schools, and organizations. @trhsgrizzlies #noplaceforhate @DCSDk12
