## High School 9-12

### First Place:

**Jennifer Z., 9<sup>th</sup> Grade, KIPP Northeast Denver Leadership Academy (Denver, Co)**

**TITLE:** *Community Garden*

**DESCRIPTION:** Building a community is when you bring together people who share a common belief. I believe a community garden shows this because it provides a space for powerful neighborhood level social change. In a garden everyone is included, and you get to build bonds and talk to people you've never talked to but have probably seen in your neighborhood. All is welcomed to work together and help each other out!

### Second Place:

**Taylor R., 10<sup>th</sup> Grade, Boulder High School (Boulder, Co)**

**TITLE:** *The Color of Our World*

**DESCRIPTION:** An art piece without different shapes, hues, and colors can be boring. It is all the same and tends to be bland. Every person is a different color, hue, or shape. Together they create a gorgeous piece of art.
